

Trinity Shared Path Detour

Construction of the Trinity Shared Path and Foreshore Upgrade has begun on site and scheduled to be completed in Mid-2022. These works will include foreshore stabilisation, removal of existing path, and construction of new principle shared path.

For your information, a rolling update of this project can be found on the City's Engage Perth website. www.engage.perth.wa.gov.au/perth-greater-cbd-transport-plan.

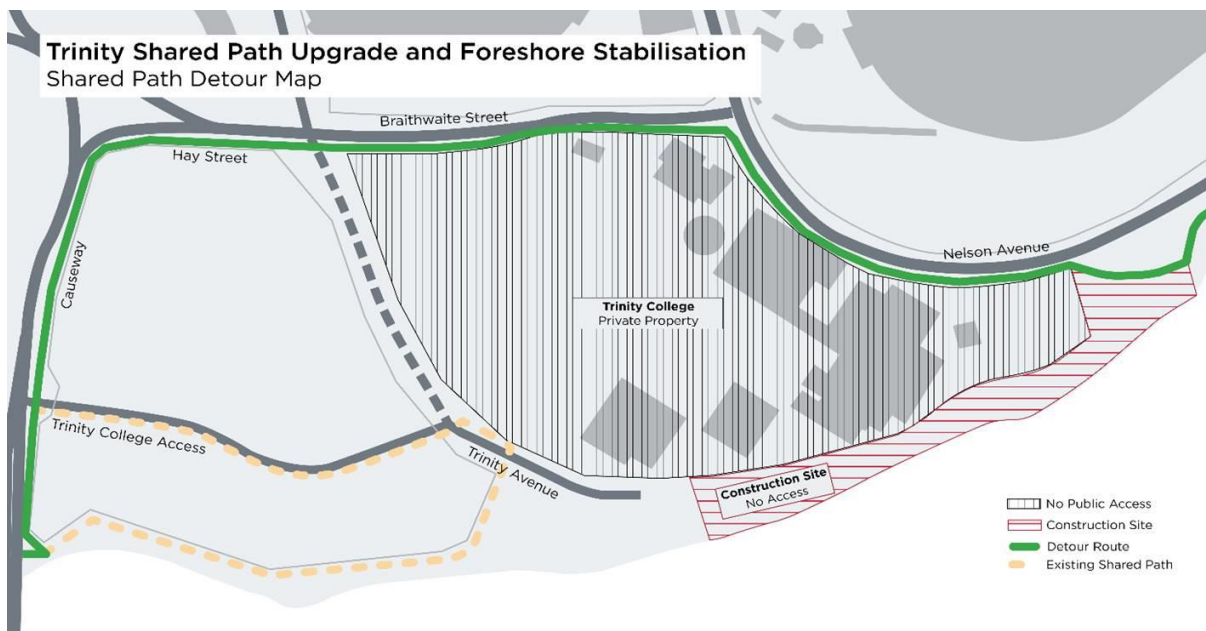

This project will affect pedestrian, cycle, and vehicle traffic, a revised detour map has been provided below. This detour route is currently in place and there is no access through the construction site or Trinity

College by the general public. If you wish to contact the City or provide feedback on this project, please visit the Engage Perth website.
